## WORK SAMPLES

Work samples are a representation of your artistic work created within the last five years. This is the most important part of your application, as it will be the primary point of review. Keep in mind the panel reviews a large volume of material in quick succession; therefore, it is very important that you present your work clearly.

## WORK SAMPLES: IMAGES

### What to Submit

Applicants can submit **up to 10 digital images**. You do not need to submit all 10 work samples if you feel your practice is represented well with fewer.

We do not recommend applicants combine multiple independent work sample images into one image file (for example: including 4 non-connecting image files together in a grid format). Each application can only have up to 10 artworks represented through the image work samples. **Images of diptychs, installations, and multi-part works are accepted.**

### Work Sample Descriptions

**Work Sample Descriptions:** Before you upload your files to your application, you will need to name your files. **Do not label any work samples with your name.** Instead, label each uploaded work sample starting with a number 01 through 10, followed by the title of the work. Number your files in the order you would like them to be reviewed.

**Metadata Section in Application:** A metadata section will appear on your application form after your work sample has been uploaded. In this section, you will be able to provide a description of your work which includes the title(s), date(s) the work was completed, materials, dimensions, and additional information (for example: format, equipment, location etc.). If your piece is largely conceptual, and requires additional written context, please explain this in the “additional information” section using 1 - 2 sentences.

### File Formats

**File name:** label each image starting with a number 01 through 10, followed by the title of the work, ex. 01\_Landscape.jpg, Do not include your name.

**File size:** No larger than 4.0 MB (each image)

**File format:** .jpg

When formatting your images, RGB is the recommended color profile for screen viewing. You can use image editing software such as Photoshop or Preview to edit, resize and format your images.

### **SUPPORT STATEMENTS: Written Statements About Your Artistic Practice**

**Artist Statement (Required, 100-Words Max.):** A short concise statement giving an overview of your artistic practice. This statement should give a brief introduction to ideas, themes and methods in your practice. This is not an Artist's Bio. *The artist statement is available to panelists in the second round of review.*

**Work Statement (Required, 100-Words Max.):** A statement explaining your artistic vision as directly related to your submitted work samples. This is not an artist statement, but should instead reflect only the ideas and inspiration relevant **ONLY** to the work submitted. *The work statement is available to panelists in the first round of review.*

**Questions to consider for your Work Statement:** Referencing only the submitted Work Samples

1. What is your submitted work about?
2. How does this work represent the primary concerns and intentions of your artistic practice as described in your artist statement?

**Excerpt Explanation (Optional, 400-words Max.):** A supplemental statement further explaining the context, concept, and execution of your work sample(s). This statement can also explain how the excerpted work sample(s) relate to the entire original piece. Within the Excerpt Explanation you can itemize each submitted Work Sample and talk about them individually.

**Questions to consider for your Excerpt Explanation:** Referencing only the submitted Work Samples

1. What information is needed to give context to your work samples?
2. Consider itemizing your excerpt explanation, describing each work sample.

**Technical Statement (Optional, 200-Words Max.):** A supplemental statement describing the key technical aspects of the work. Use this statement to highlight your role in creating/executing the work. Be sure to note whether your work samples represent documentation of a performance, installation, experience, etc. You can also describe the circumstances in which the viewer/audience should experience the work. Please include instructions on how to navigate your work if it's interactive.

**Questions to consider for your Technical Statement:** Referencing only the submitted Work Samples

1. How was the work created/executed?
2. What specific techniques are integral to creating the work?
3. What is the original context for this work, i.e. photo essay, book, etc?

**Cultural Statement (Optional, 400-Words Max.):** A supplemental statement describing how your work is rooted in a specific cultural technique, tradition or community.

**Write a Cultural Statement if:** Referencing only the submitted Work Samples

## **HOW ARE APPLICATIONS REVIEWED?**

Applications are reviewed online over the course of 3 elimination rounds. All applications will be reviewed anonymously in the first round of review.

In Round 1, the panel will have access to each applicants' Work Samples (up to 10 images) and the Work Statement. Applications are assigned a number and reviewed anonymously. In this round, panelists are directed to review and score applications independently.

In Round 2, panelists will have access to all supplemental written statements (i.e: Artist Statement, Excerpt Explanation, Cultural Statement, and/or Technical Statement). Similar to the first round, the panel will continue to review and score applications independently.

In Round 3, the panel will meet online and collectively discuss the applications that have made it into this round before selecting the Fellowship Recipients.

*Please note, panelists will not look at websites of any kind during the application review process. Submitting any work that has been awarded a NYSCA/NYFA Artist Fellowship in the past will automatically disqualify your application.*
