WORK SAMPLES

Work samples are a representation of your artistic work created within the last five years. This is the most important part of your application, as it will be the primary point of review. Keep in mind the panel reviews a large volume of material in quick succession; therefore, it is very important that you present your work clearly.

This is not a project grant; therefore you should be submitting work that is completed.

TIP: This award aims to support artists who are actively creating new work, so to strengthen your application, submitting recently made work is strongly encouraged.

What to Submit

Manuscript

Applicants must submit 1 manuscript, up to 20 pages in maximum length, plus an additional title page (21 total pages).

- Your manuscript can consist of a singular body of work or multiple bodies of work.
- If your work sample includes a combination of excerpts from larger works, you are strongly advised to include substantial portions from each larger work, rather than small fragments.
- **Do not include publication and/or production information anywhere on your manuscript.** Materials can be previously published or not. If published, scanned excerpts from books or periodicals, in published form, will be ineligible.
- Do not include your artistic résumé or bio in your PDF.
- Manuscripts must be in English, or can be translated into English by someone other than the artist.

Note: Panelists are instructed not to review any materials beyond the maximum number of pages allowed (21 pages).
